

## Tutor Policy

Barrington Public Library provides space for private tutoring to fulfill the Library's mission to educate, inform, and enrich the lives of our residents. To ensure cohesive use of the Library, we have established the following policy regarding tutoring.

- Tutors are allowed in all study areas of the library except the designated quiet study area near the non-fiction stacks.
- Meeting rooms cannot be used for private tutoring.
- Library staff may relocate tutors to another area if needed.
- Several tutors may be using the same space at one time.
- Tutoring is to be conducted on a one-on-one basis.
- Appropriate noise levels must be observed at all times.
